Canal

Proceed out of the hotel on Main St toward Goldwater. Take a Left on Goldwater over the canal towards Camelback. When you are at the intersection of Camelback and Scottsdale Rd you will have two options; You may turn right (south) onto Scottsdale Rd. and enter the canal (dirt path along the water) Just before you get into Old Town. This will take you for miles and into the southwest regions of the valley. Your second option is to stay on Camelback Rd and Cross over Scottsdale Rd. Once you have crossed Scottsdale Rd make your way over to the left hand side (north) of Camelback. Proceed to the canal behind the Gas Station. This will take you in a northeast direction and eventually to the Green Belt, a multi-use path.

Green Belt

Follow the Directions to the Canal. Once you have reached the intersection of Camelback Rd and Scottsdale Rd veer over to the left hand (or north) side of Camelback. You will pick up the canal behind the gas station. Stay on the canal until you reach a sloped downhill leading you to a paved path. This is the Green Belt. If you turn right (south) it will lead you through south Scottsdale and into Tempe. If you turn left (north) it will take you into North Scottsdale and end at 92nd Street Café.
