

HOTEL Valley Ho

Individual Guest Sky Harbor Airport Transportation Options

602.454.7433

We can arrange either Lincoln Town Car sedan or SUV transportation (additional \$20), via AAA Sedan Service, to transport you from the airport to the Valley Ho. A sedan will hold up to 4 passengers; an SUV will hold as many as 6 or 7.

Curbside Sedan Service: \$30 plus 20% gratuity, per sedan.

This can be arranged with the Concierge prior to your arrival. When you arrive in baggage claim, you will call AAA Sedan and let them know you have arrived at the airport for your pick up. The driver will then pull up and you can walk outside the terminal and meet your ride.

Meet and Greet Sedan Service: \$50 plus 20% gratuity, per sedan.

This can be arranged with the concierge prior to your arrival. The driver, holding a sign with your name, will be waiting for you in baggage claim. The driver will escort you to the sedan.

*Please note that for SUV transportation, an additional \$20 is applied to the above rates. Cash or credit card is accepted by your driver for either service.

800.258.3826 or 602.244.9000

Super Shuttle is the most economical choice for a single passenger.

Cost is \$16 per person plus gratuity, from the airport to the Valley Ho.

It is a 7 passenger shared-ride van service that makes other stops along the way for the other passengers. From 9am-9pm, you can simply walk outside the terminal and a dispatcher will put you on the next van. Otherwise, call to arrange your van in advance.

Yellow Cab (also operating AAA cab) and Apache Taxi are two cab companies that are contracted by the airport to provide transportation. You can simply walk outside the terminal and catch one. Cost is usually around \$25 per cab, holding up to 4 passengers.

**Please feel free to contact the concierge desk at 480.421.7706;
we are happy to assist with arranging transportation for you.**
