

the evolution of cool.

ValleyHo

## room to groove.

Make yourself at home in a setting that suits your mood. From the classic signature guest rooms to the wide-open studios and sunny cabana rooms, there's a choice for everyone who loves mid-century style. If you need more room to feel comfortable, or are anticipating entertaining while a guest, you may choose to reserve a Terrace or Executive Suite.

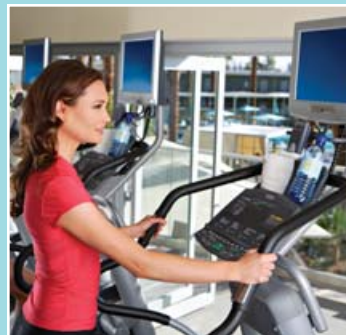

The ultimate boutique experience can be yours at The Tower, the artful, elite hotel soaring above Hotel Valley Ho. Here the rooms are designed as light, bright, fanciful havens with sweeping panoramic views, and every guest is afforded VIP status. Guest rooms located on the third through seventh floors include two-story lofts, one and two-bedroom condominiums and exclusive penthouses. Tower advantages include butler service, a private chef, a personal shopper to stock up for your arrival, and the Tower Concierge.

## fab fare.

There's nothing like simple food to simply hit the spot. Chef Charles Wiley serves delicious American food for breakfast, lunch and dinner at ZuZu, complete with a classic counter, comfortable booths, and scenic courtyard.

Poolside, relax with friendly service from the staff of OH Pool Bar + Cabanas. Kick back on an overstuffed chaise lounge while you sip a handcrafted cocktail from the bar and enjoy poolside dining. Relax in the shade of the cabanas, available to rent.

Trader Vic's, an iconic classic, is a true fusion of Hawaiian and Polynesian cuisine. Recreating the flavor of Scottsdale's original Trader Vic's, a landmark from the same era as the hotel itself, this reborn restaurant celebrates Asia and the islands...with dining indoors and on the lushly landscaped patio. If you're hungry for crispy duck with moo shu pancakes, you've come to the right place.

## relax, you're in good hands.

VH Spa makes Vitality and Health a priority. A 30-minute foot scrub-and-rub for those on tight schedules can be every bit as relaxing and healing as longer, more involved therapeutic treatments.

Relax on the spa deck before a leisurely massage in an individual or double treatment room. Work out in the fresh air with your choice of poolside views or private TV. The spa features seven private treatment rooms and one double, a Movement Studio for personal training and more, and a fitness room with cardio and workout equipment, free weights and a rower.

Sign up for a guided hike along the Valley's scenic mountain trails, or rent a bicycle and cruise the streets of Old Town Scottsdale. The VH Spa boutique showcases its own line of skincare essentials, vintage-inspired apparel, in-room accessories, books, CDs and stationery.

## swell surroundings.

While almost anything imaginable can be found at Hotel Valley Ho—from a fragrant cup of coffee in the lobby to vintage candy at the newsstand, from soothing foot massages poolside to Paul Frank-stylized Julius bikes for rent—feel free to rely on the concierge to organize offsite plans.

Concert tickets, restaurant reservations, tee times, shopping, transportation—all this can be arranged for your pleasure. In fact, the hotel is a favorite choice for spring training fans because of its proximity to local ballparks. Downtown Scottsdale is renowned for its art galleries, boutiques, shops and top-notch restaurants, all just a short stroll away.
